

Page numbers in bold indicate photos or diagrams.

A

- abdominal mass, 72-73, 291
 - abdominal pain
 - with appendicitis, 139-140, 262
 - with Crohn's disease, 263
 - differential diagnosis overview, 261
 - with dysmenorrhea, 202, 203-204
 - with Henoch-Schönlein purpura, 146-147
 - with hepatitis, 140-141
 - with intussusception, 47
 - with Kawasaki disease, 74
 - with mesenteric lymphadenitis, 97-98
 - with Rocky Mountain spotted fever, 104-105
 - with ulcerative colitis, 179-180, 263
 - with volvulus, 29
 - abdominal wall defect
 - gastroschisis, 11-12
 - inguinal hernia, 38, 48-49, 263-264
 - abuse. *See* child abuse
 - accidental injuries, newborns and, 16-17, 237
 - accomodative esotropia, 64-65
 - acute cerebellar ataxia, 275
 - acute life-threatening events, 47, 237-238
 - acute lymphocytic leukemia, 79-81
 - AIDS. *See* HIV and AIDS
 - alcohol abuse, 206-207
 - allergies
 - conjunctivitis and, 177
 - to milk protein, 30-31, 46, 47
 - rhinitis and, 132-133
 - seasonal, 226
 - alopecia, 109-110
 - ambiguous genitalia, 8-9
 - amnesia, 266
 - amoxicillin and ampicillin, precautions with
 - Epstein-Barr virus, 272, **272**
 - anal atresia, 10-11
 - anemia
 - multiple myeloma and, 118, 236
 - syncope and, 254
 - types of, 115-117, 233-234
 - ulcerative colitis and, 179-180
 - ankyloglossia, 10, 238
 - anterograde amnesia, 266
 - antibiotic resistance, 217, 283. *See also*
 - methicillin-resistant staphylococcus aureus
 - aortic stenosis, 247
 - appendicitis, 97, 98, 139-140, 261-262
 - arthritis
 - gonococcal infection and, 186-188, 286-287, **286**
 - Lyme disease and, 142, 211, 273
 - post-varicella, 144
 - psoriasis and, 148, 231
 - rheumatic fever and, 141-142, 247
 - sarcoidosis and, 287
 - Asperger syndrome, 250
 - asphyxia, 57-60
 - aspiration pneumonia, 134-135
 - aspirin use
 - contraindications, 113-114
 - for Kawasaki disease, 74-75
 - for rheumatic fever, 142
 - asthma
 - allergic conjunctivitis and, 177
 - compliance and, 214, 217-218
 - eczematous dermatitis and, 107
 - exacerbation of, 133-134
 - pneumothorax and, 136
 - study on, 226
 - atopic (eczematous) dermatitis, 107-108, 177, 190-191
 - atrial septal defect, 43
 - attention deficit hyperactivity disorder (ADHD), 158-160, 245-247
 - autism spectrum disorder, 3-4, 120-122, 250-251
 - autoimmune thyroiditis, 199-200
- ## B
- Babinski sign, 183, 275
 - Battle's sign, 269
 - Behçet's syndrome, 224
 - biliary atresia (BA), 32-33
 - bilirubinemia, 32-33, 34, 233, 243

- birth injuries. *See also specific injuries*
 breech presentation, 240
 fetal birth injuries, 2-3, 6-7, 240-241
 home-monitoring after, 237-238
 learning disabilities and, 252
 with prolonged labor (second stage), 6-7, 17-18, 240-241
 blepharitis, 175-176, 257-258
 blood diseases, 233-236. *See also specific blood diseases*
 blueberry muffin babies, 227
 bone. *See also fractures*
 cysts, 192-193
 infection of, 146, 151-152
 pain, 79
Borrelia burgdorferi, 273
 bowed legs, 81
 brachial plexus injury, 2, 6-7, 240-241
 brachycephaly, 242
 brain, trauma vs. injury of, 241. *See also head injuries; intracranial hemorrhage*
 brain tumor, 127-128, 171-172, 249
 breastfeeding
 difficulties, 10, 238
 HIV transmission and, 13
 milk protein allergy and, 30-31, 47
 breech presentation, 240
 bronchial fistula, 26
 bronchiolitis
 non-RSV, 23-24, 218
 RSV-positive, 21-23
 viral myocarditis differential diagnosis, 43-44
 bronchitis, 95-96
 bronchotorenal syndrome, 26
 bronze baby syndrome, 32-33
- C**
 calluses, 111
Campylobacter jejuni, 280-281
 caput succedaneum, 241
 carbuncles, 75-76, 282, **282**
 cardiac risks, with ADHD medications, 245-247
 cardiomyopathy, 44, 195-196
 cat scratch fever, 224
 cellulitis
 with erysipelas, 145-146, 277
 with MRSA, 282
 periorbital, 66-67
 cerebellar ataxia, 275
 cerebral palsy, 134-135, 265
 chalazion, 65-66, 292
 chest pain, 136, 138, 195-196, 208, 234
 child abuse
 developmental delays and, 251
 Munchausen by proxy, 57-60
 pediatrician responsibilities in cases of, 56-57
 physical, 55-57, 82-84, 265, **266**
 sexual, 154
 childbirth injuries. *See birth injuries*
 chlamydia, 25, 258
 classic heatstroke, 254
 clavicle fracture, 6-7
 cleft lip and palate, 4-5, 239, **239**
 community-acquired MRSA (CA-MRSA), 75-76, 282-285, **282-283**
 concussions, 167-169, 264, 266-267
 condylomata lata, 154
 congenital glaucoma, 6, 258
 congenital heart disease, 254
 congenital hydronephrosis, 293
 congenital self-healing reticulohistiocytosis, 54-55, 227-229
 conjunctivitis, 25, 92-93, 177, 223, 258
 constitutional delay, of growth and puberty, 173-174, 249-250
 contact dermatitis, 108, 257
 contraception, 204-206
 coughs and coughing
 about, 217-218
 with allergic rhinitis, 132
 with aspiration pneumonia, 135
 with asthma, 133, 134
 with bronchitis, 95
 with chlamydia pneumonia, 25
 with erythema multiforme, 112
 with measles, 51
 with mononucleosis, 181
 musculoskeletal chest pain diagnosis and, 138
 in newborns, 21-22, 25, 31-32
 with otitis media, 67
continued on next page

with sarcoidosis, 209
 with sinusitis, 131
 with upper respiratory infection, 178
 with viral myocarditis, 43
 coup contrecoup injury, 269, **270**
 coxsackievirus, 103
 cranial nerve paralysis, 100, 127
 cranial sutures (fused), 241-242
 craniopharyngioma, 171-172
 Crohn's disease, 224, 263
 cutaneous mastocytosis (CM), 53-54, 231-232
 cyclic neutropenia, 115-116
 cysts. *See* tumors and cysts
 cytomegalovirus, 280-281

D

dacryostenosis (dacryocystitis), 41-42
 Darier's sign, 53
 deep tendon reflexes
 hyperactive, 113, 183, 275
 hypoactive, 100, 127, 199, 275
 dehydration, 218-219, 234
 depression, 161, 207-208
 developmental disorders and disabilities
 etiology, 3-4, 19-20, 120-122, 249-251
 learning disabilities and, 161-163, 251-253
 of unknown etiology, 86-88
 diabetes mellitus, 2, 6, 90, 156-158, 254
 diaphragmatic hernia, 7-8
 direct inguinal hernia, 264
 disseminated gonococcal infection, 186-188, 286-287, **286**
 drug-induced hemolysis, 242
 drug reactions
 erythema multiforme as, 112-113, 224
 jaundice with, 196-198
 Stevens-Johnson syndrome as, 113, 185-186, 287-288
 with viral infections, 113-114, 272, **272**
 drug withdrawal syndrome, 271
 dysmenorrhea, 202-204

E

ear and ear disorders
 foreign body in, 70
 hearing loss, 5, 26, 69, 131

infections. *See* otitis externa; otitis media (OM)
 ectopic pregnancy, 204
 eczematous (atopic) dermatitis, 107-108, 177, 190-191
 education and counseling
 on child abuse, 57, 83-84
 on compliance with medical treatments, 214-216
 on congenital disorders, 4, 8-9, 239-240
 on contraceptives, 205
 on coughs, 217-218
 on crying baby episodes, 84
 on dehydration, 218-219
 on depression, 208
 on fever, 216-217
 on sexually transmitted diseases, 205-206
 on shaken baby syndrome, 83-84
 on skin diseases, 214-215
 on teenage pregnancy, 205
 emphysema (soft tissue), 136-138
 endometriosis, 203, 204
 enterovirus, 103, 105
 epidermal necrolysis, 113, 185-186, 287-288
 Epstein-Barr virus (EBV) infection, 105, 182, 211, 272, **272**
 Erb's palsy, 240
 erections, 86
 erysipelas, 145-146, 277-279, **278**
 erythema infectiosum (fifth disease), 101-102, 274, 279
 erythema marginatum, 141-142, 247
 erythema migrans, 142-143, 212, 273
 erythema multiforme (EM), 112-113, 223-224
 erythema nodosum, 189, 209, 287
 erythema subitum, 49-51
 esotropia, 64-65
 exercise intolerance, 247
 exertional heatstroke, 194-195, 253-254
 eye and eye disorders
 blepharitis, 175-176, 257-258
 chalazion, 65-66, 292
 conjunctivitis, 25, 92-93, 177, 223, 258
 dacryostenosis, 41-42
 foreign body in, 93-94
 glaucoma, 6, 258
 periorbital cellulitis, 66-67
 skull fracture symptoms of, 269
